3. Student Learning

What did you learn from the Gram Sabha?

I learnt that if you choose to ask the right question to right person at right place then you can solve a problem which would not only benifit you but make it easy for many others in the future.

How does Gram Sabha strengthen grassroots democracy?

In Gram Sabha people feel included in the process of development & Governance of village. hence feeling their problems & suggestions heard.

4. Student Feedback

Most important thing I observed:

There is a general lack of information regarding Goverment Schemes in villagers, which is causing lack of trust towards governance.

My suggestion/remark:

Elected members & Grampanchayat officials should increase transpirance and Educate people on goverment schemes.
• Grampanchyet should focus on road infrastructure in near future.

5. Declaration

I hereby confirm that I participated in the Gram Sabha visit at Wartala and observed the proceedings as an academic activity of the Department of Political Science.
